Written By: Antioch High School

INTRODUCTION

I will show you how to open this Phone

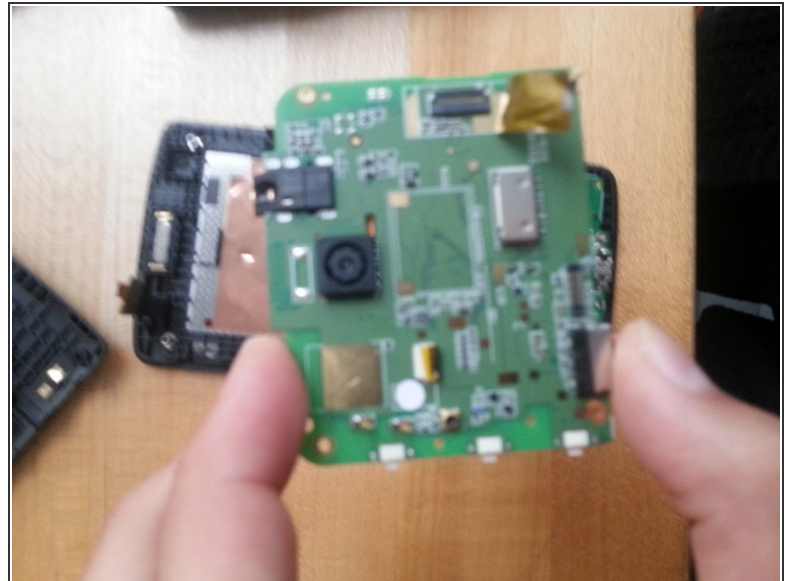

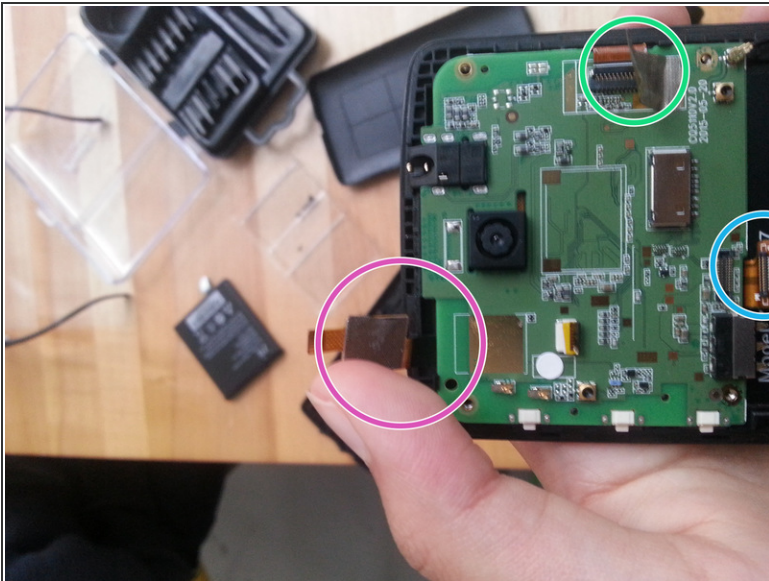

Its very easy

Step 1 — ZTE n817 Teardown

- First put the battery away
- Then remove the screws
- And now you can open it with this tool

Step 2

- Now we want to open this part. Links below you pull it carefully out
- Now pull of the tape and pull the brown metal out
- On the right side you can open it with your hand . Fold it only out

Step 3

- When you pull it out it looks like this

Step 4

- Now you opened the phone

To reassemble your device, follow these instructions in reverse order.
